

Wilderness House Literary Review 12/1

Kelley Jean White
Envision

The young of the dog or cat,
puppy or kitten crawls, born blind,
fused eyes opening weeks after birth,
but the human baby's eyes open
at 24 weeks gestation, what does she see
those 4 months more in the womb?

2016

The New Hampshire primary's
been and gone—I'm relieved I voted
for Vermin Supreme.
